**THE VALKYRIE SUNK.**  
[Special to the REPUBLICAN.]  
Chicago, July 5.—The yacht, Valkyrie, was struck this morning by the Satanita in the Milwaukee regatta. England. The Valkyrie went to the bottom, but the Satanita was not hurt.

**TAKEN FOR SCABS.**  
Two Deeds of Young Men Assaulted and Sent to the Depot.

Two young men were the victims of a mob and cowardly assault on the Union depot. They were taken for scabs and sent to the depot. The mob was composed of a large number of men, some of whom were armed with clubs and stones. The two young men were taken from the depot and sent to the depot. They were taken for scabs and sent to the depot.

Two young men were the victims of a mob and cowardly assault on the Union depot. They were taken for scabs and sent to the depot. The mob was composed of a large number of men, some of whom were armed with clubs and stones. The two young men were taken from the depot and sent to the depot.

**PASSING AWAY.**  
J. Frank Priest is Dead. Funeral Friday Afternoon.

The death of J. Frank Priest, elder son of the late Mayor Franklin Priest, occurred on the evening of July 4th at 10 o'clock at the Priest household property, No. 21 North Main street. He was about 45 years of age. His brother George died some years ago, and his sister-in-law, Mrs. George Priest, attended him during his illness. A sister, Mrs. O'Neill, lives in Chicago.

The funeral will be held from St. John's church Friday afternoon at 4:15 o'clock. The deceased was a well-known and popular man in the city. He was a member of the city council and was known for his public spirit and his efforts to improve the city.

One of the most popular of the city was the chief speaker at the general celebration in Christian county, near Taylorville. Robert L. Hunt spoke at Dalton City, Rev. W. C. Miller at Warrensburg, W. C. Higgins at John A. Dawson at Argos, and Richard Yates at Cerro Gordo.

For Men Only.  
Go to the World's Fair Museum of Anatomy, next door to Millikin's bank on Water street. This is one of the most interesting of its kind ever shown in this city. No man should fail to see it in the sight of his lifetime. It is a most interesting and instructive exhibit. It is a most interesting and instructive exhibit.

**The Flour That Always Makes The Most And Best Bread.**  
**Use White Foam.**  
Manufactured by the Hatfield Milling Co., Decatur, Ill.

  
**Mid-Summer Sale.**—Owing to the stringency in the money market we have been able for spot cash to fill our house with goods of the latest styles for less than cost to manufacture them, and we propose to sell these goods regardless of value. We can sell you goods for less than our competitors can buy them. Look elsewhere and no matter at what price goods are offered you, come and compare our prices and we will sell you. Space will not permit our quoting prices upon our immense stock. Here are a few prices that will convince you that we mean business: Dining Chairs from \$2.00 per set up; Square Extension Table, \$3.50; Rockers, 75c; Center Tables, 75c; Solid Oak Sideboard, heavy edge glass, \$10.50. See our \$20.00 sideboard worth \$27.50; Bed room Suits, \$7.50 up. Sweeping reduction upon our entire line of fine goods. All goods sold for cash or easy payments. Upholstering to order.  
**BACHMAN BROTHERS & MARTIN COMPANY,**  
240, 241, 248 East Main Street.

**MOB FIRED ON MILITIA HERE**  
**Bloodshed at Last in Chicago—Marshals Attacked by the Rioters.**  
Mayor Hopkins Sends in a Call for Five Regiments.  
Cars Tipped Over in Many Places—All Railway Men at Cleveland on a Strike.

[Special to the REPUBLICAN.]  
Chicago, July 6.—This forenoon a mob of 5,000 attacked the Illinois Central at Kensington near the Pullman works. Box cars were run on the main line, switches turned, and the line completely blocked. The United States Marshals ordered the men to disperse but were met with curses. Finally the rioters threw bricks at the officers. The deputies drew revolvers and fired. Several men are reported wounded. General excitement prevails.

**MORE FEDERAL TROOPS.**  
[Special to the REPUBLICAN.]  
Chicago, July 6.—Two companies of United States regulars from Fort Brady Mich., and four from Fort Leavenworth, Kansas, arrived in Chicago this morning. The rioters at the Stock Yards overturned more cars at dawn, and the railroads are still blocked in defiance of the police and military authorities. At 11 o'clock a mob of 5,000 assembled at 16th street and Western avenue, and overturned a Burlington locomotive.

**STRIKE AT CLEVELAND.**  
[Special to the REPUBLICAN.]  
CLEVELAND, Ohio, July 5.—After holding an all-night meeting the Cleveland Railway men decided to strike. There is now not a wheel turning in the yards.

**MAYOR HOPKINS CALLS FOR HELP.**  
[Special to the REPUBLICAN.]  
Chicago, July 6.—Mayor Hopkins has just wired Governor Altgeld to call out five regiments of the state militia. Three of the regiments are stationed in Decatur, and two are asked at the Governor's discretion.

**THE '94 SCHOOL CENSUS.**  
Decatur's Population Placed at 21,283 on the Enumeration.  
Prof. J. H. Coonradt and his son, Lewis Coonradt, have just finished making the school enumeration for Decatur district for the year 1894. The total increase over 1893 is 231, but the increase north of the Wabash railroad is 500 above the increase south of the road. More school privileges will have to be given to the north end. Even now the children are crying for more room. The figures are as follows: Total number of persons in Decatur district between the ages of 6 and 21 years, 6,681, of which 3,613 are males, 3,068 females; under six years of age, 1,354 males, 1,381 females; between 10 and 21 years, 761 males, 759 females. Outside of city limits, 82 males, 72 females, of school age; under six years, 33 males, 35 females; between 10 and 21 years, 16 males and 14 females.

A special term of the circuit court is now in session at Pekin hearing the charges on which the 40 miners were placed under arrest for their participation in the riots that resulted in the death of several persons and the destruction of much property at the Little mine in Adams county.

**TO REDUCE OUR STOCK OF Summer Clothing**  
**We Offer this Inducement:**  
With every cash purchase of \$1.00 or more made of us between now and August 15, 1894, we will give you one guess at the number of nuts contained in the globe in our window.  
To the boy under 15 years of age guessing nearest to the number, we will give a fine Pneumatic Tire Bicycle bought of Dodd, Sanner & Co.  
To the person over 15 years of age guessing nearest to the number we will give a fine 28-inch, tangent spokes, Pneumatic Tire Bicycle bought of Dodd, Sanner & Co.  
These Bicycles are on exhibition in our window. Come and see them and then come and make your guess. With every purchase of \$1.00 or more you are entitled to a guess.

riers in any district.

Address THE EVENING REPUBLICAN, 125  
South Water street, Decatur, Illinois.

FRIDAY, JULY 6, 1894.

The strike situation has resolved itself  
into a contest between the general gov-  
ernment and those who have stopped the  
trade of the country.

THERE seems to be some mistake as to  
the strike situation. President Debs  
declares and maintains that the strikers  
do not intend to injure either persons or  
property, while on the other hand Gen.  
Miles, who is an experienced army officer  
with a battery and about five hundred  
men in Chicago, has telegraphed to  
Washington asking for reinforcements  
and permission to fire into a mob that is  
defying the law.

HON. M. H. SEWELL, a Democrat who  
was consul general to Samoa during  
Cleveland's first administration, and a  
gentleman who knows something about  
diplomacy, and who is an American in  
whom there is no guile, says the foreign  
policy of the present administration is  
"everywhere one of surrender, infamous  
in its purpose and execution." Mr.  
Sewell evidently knows what he is talk-  
ing about, but the fellows who wrote the  
plank in the Democratic platform in  
which it is declared that the Democratic  
party favors a vigorous foreign policy,  
did not know what they were talking  
about.

THE losses by the strike to fruit grow-  
ers and shippers is very heavy. A mass  
meeting of fruit growers and citizens at  
Anna have represented to Gov. Altgeld  
that the losses to fruit and vegetable  
growers of Union county now amount  
to \$30,000 a day, and the governor is re-  
spectfully asked to use his authority to  
enable the Illinois Central to forward  
their products to market. The authori-  
ties of the road in a reply to a similar  
request from the Fruit Shippers' As-  
sociation announce that they are doing  
all in their power to protect the business  
of the fruit growers and will continue  
to do so. From thirty to forty cars a  
day will be required to move the tomato  
crop alone in Union county. Other  
fruits are equally abundant and unless  
they are moved soon many farmers and  
shippers will be ruined.

SPEAKING of strikes, under present  
business conditions, to maintain or re-  
store wages, Gen. Coxe, the common-  
wealer says: "It is all foolishness and  
cannot succeed so long as there are so  
many idle men in the country. My good  
roads scheme by which the government  
would employ the idle men, is the only  
way to relief." Coxe's idea, it must be  
admitted, is more logical than the strike  
idea; but the idea advanced by Abraham  
Lincoln beats them both, because it  
makes men independent by giving them  
employment at good wages. He said:  
"Labor is like any other commodity in  
the market—increased the demand for it  
and you increase the price of it." The  
converse of this is equally true, decrease  
the demand for labor and you decrease  
the price of it. The policy of the govern-  
ment for 30 years was to increase the  
demand for labor and the price of labor  
was advanced, because opportunities for  
labor were opened up. That policy was  
changed by the people at the election in  
1892, the policy since then being to de-  
crease the demand for labor by buying  
the products of labor from abroad. The  
result is well known. It is seen in the  
depression of business and the army of  
idle men scattered all over the country.  
Wages cannot be kept up under such a  
policy, and all efforts in that direction,  
whether by force, or otherwise, must fail.

The Kansas Democrats.

The Kansas Democrats have nomi-  
nated a straight Democratic ticket,  
refusing to fuse with the populists. One  
of the planks in their platform on the  
financial question, after declaring in  
favor of the free coinage of both gold  
and silver upon equal terms winds up  
with the declaration: "We favor, how-  
ever, a ratio of 16 to 1, and that all cur-  
rency be kept at a parity and of equal  
value." Now all this is easily said and  
will catch many a sucker. In fact it is  
as easy as it would be to say that one  
pound of wheat should always be worth  
two pounds of oats and they should  
always be kept at that parity and of  
equal value. But if a convention were  
to make the latter declaration, the  
sucker who is so easily caught with the  
former, would laugh at the latter, and  
yet as a matter of fact there is more  
sense in the latter than in the former.  
How, under free coinage of both  
gold and silver, at a ratio of 16 to 1, are  
the two dollars to be kept at a parity in  
the hands of the holder unless they are  
of the same intrinsic value? How can  
two dollars, one of silver and the other  
of gold, having a great disparity in in-  
trinsic value, be kept at equal value or  
have equal purchasing power. It cannot  
be done by free coinage. At the present  
ratio of 16 to 1 they are not of equal  
value. This every man who has sense

enough to vote knows. With such a  
difference in value to start on how could  
they be kept at an equal value? But  
the present silver dollar, which intrin-  
sically is worth only half as much as a  
gold dollar, will buy as much at any  
place in an American market as a gold  
dollar. This equal purchasing power is  
maintained in spite of the wide differ-  
ence in intrinsic value by the guarantee  
of the government to stand by the silver  
dollars it has coined with the redemp-  
tion power of gold. There is no power  
behind gold. No guarantee is needed  
for it. An ounce of it in coin is worth  
as much in any one point in the world  
as at all other points in the  
world, which is not true of  
any silver piece coined by any  
nation at this time, and the moment  
we attempt the free coinage of silver  
upon "equal terms with gold" at the  
ratio of 16 to 1, or any other ratio, silver  
will have to stand upon its own bottom.  
It can, then, have no guarantee behind  
it. No reasonable man, who means to  
be fair, will contend for one moment  
that under such conditions the intrinsic  
value of the silver dollar could be raised  
to that of gold; hence the folly of the  
declaration of the Kansas Democrats  
that they favor keeping all currency at  
a parity and of equal value, and at the  
same time declaring in favor of the free  
coinage of silver at the ratio of 16 to 1.

## SPREADING FLAMES.

Another Big Fire in the World's Fair Grounds.

## FLAMES STARTED BY INCENDIARIES

Destroy the Terminal Station, the Administration, Manufacturers' Electricity, Machinery Hall and the Agricultural Buildings.

Many Firemen Missing—Narrow Escape of Sightseers—A Choice Between Death by Fire or Drowning—Eight Hundred Acres Burned Over.

CHICAGO, Ill., July 6.—What is left of the gilded statue of Columbia, near the eastern end of the Court of Honor, the central point of interest to thousands of visitors last summer, to-night looks upon a waste of ashes. The six large structure which formed the Court of Honor were burned by incendiaries yesterday evening. The buildings destroyed were the Terminal station, Administration, Manufacturers' Electricity, Machinery hall and the Agricultural building. The Art gallery, which has been re-christened the Field Columbian museum, and the Government building were saved, together with the minor buildings south of Machinery hall and the Agricultural building.

The fire started almost simultaneously at three points, so selected as to afford the best possible opportunity for the spread of the flames. In each of these places, on the second floor of the Terminal station, the southwest corner of the Mechanical Arts building and on the southeast corner of the Manufacturers building, a man was seen running away from the grounds by passers-by or members of the gangs of wreckers who are at work tearing down the buildings, just before the fire broke out.

The first call was turned in by John Lawrence, employed at the Fisheries building, who, while passing the Terminal station at 4 o'clock, saw a man acting in a suspicious manner on the second floor of the station, and had gone but a block when he saw flames coming from the windows. He ran to the World's fair fire station, northwest of Agricultural hall, but the engine had answered a call several blocks distant, and it was about twenty minutes before it reached the fire. Then it was found that, either because the mains had been tampered with by the incendiaries or the supply had been cut off by the wreckers at work on the buildings, no water could be obtained, and it was necessary to stretch to Stoney avenue, 500 feet away.

Help was asked from the city stations near the fair grounds, but before any effective work could be done the flames, carried by a southwest breeze, had spread to the Administration and Mining buildings, and fires had also made their appearance in the Manufacturers' and Mechanical Arts buildings. The structures, built largely of staff and wood, burned very rapidly, and within two hours the work of destruction was almost complete.

At 8:25 the roof of the immense Manufacturers building fell in with a resounding crash that was heard for blocks. The news of the fire had spread to the city, and by 9 o'clock thousands of people had made their way to the fair grounds and far into the night all the southbound cable and elevated cars were packed.

The only loss of life in connection with the fire occurred at about 7:30 o'clock between the Mining and Electricity buildings. These buildings were connected by a spacious subway, used last summer as a conduit for the intricate system of electric light and power wires that connected the various buildings. A group of spectators was standing directly over this tunnel at about 7:30 when its roof caved in and two men, Edward Anderson and Edgar J. Bassett, were precipitated into the fiery furnace below. Anderson, who resided at Forty-first street and Evans avenue, and was employed as a book-keeper, was rescued. Bassett, a policeman, is seriously burned about the limbs and lower part of the body.

Transportation building was badly scorched, but the firemen, by concentrating more than half of their available force on this work succeeded in stopping the spread of the fire in that direction.

The conditions were favorable to the rapid spread of the fire northward from the Transportation building to the Horticultural and Women's buildings and then to the crowded portion of the grounds, occupied by the various state buildings in the north end. The transportation building is northwest from the Mines and Mining building and the southwest wind kept the space clear so that the firemen were not impeded in their work.

At midnight engine No. 19 and five of the crew are missing, and it is reported that they have been burned to death. Hook and ladder No. 13 and all the members of the company are also missing.

The people who had come from distant parts to view the terribly grand scene and had taken positions on the movable sidewalk which extended out into the lake off the Casino and peristyle had a narrow escape from being burned to death or choosing death by drowning. When the fire caught in that direction they stayed too long, and finally had to be rescued from their perilous position by boats.

Five thousand dollars' worth of books and papers, bought at the fair by D. C. McClellan, of Chicago, and stored in the Philadelphia cafe, were destroyed in the burning of the cafe. The total territory burned over was 800 acres.

## IT IS A BEAUTY.

The New Wagon for the Bradley Bros.' Dry Goods House.

Manager W. J. Wayne, of the Wayne Solutyette and Cart Company, has again demonstrated his superior taste and skill as an original designer, by building an elegant new delivery wagon for the Bradley Bros., dry goods merchants. It is confessedly the handsomest rig in the city, and is generally admired by the people.

The wagon is built on coach platform springs and at a distance has the appearance of a coach or carriage rather than a vehicle designed for the delivery of goods. The side panels of the body are in carmine of deep and light shades. It is lined up in gold and is otherwise highly ornamented. On the sides are two bevel plate French glass mirrors with central glass frosted. The body, dash and driver's seat are further highly ornamented by handsome brass railings. The gear is platform spring pattern. It is painted in lemon yellow with carmine and gold striping. The vehicle has coupe shafts and is also provided with a polo in case it is ever desired to use two horses on the rig. The covering is thorough and the firm can be absolutely certain to deliver any goods unharmed by weather. The rear door is used by the driver when heavy parcels are to be taken out, but from his seat through a smaller door he can reach any of the lighter articles he may be delivering. The company has lately received an order for a fine hose wagon for the fire department at Dixon, Illinois, after having to compete with the best manufacturers of Chicago. Another order of like kind has been received from Los Angeles, Cal., where what is wanted is a combination hose wagon and chemical engine. The handsome wagons are being made for the Standard Oil company. These wagons are built in accordance with special designs of the Wayne Company, the Standard Oil people being greatly pleased with this wagon. The company reports that general trade has an upward tendency, and that the outlook for goods of their manufacture is promising.

## THE BARNUM ESTATE.

Provisions Made to Secure the Widow's Annuity of \$40,000.

The late distribution of the estate of the late P. T. Barnum, during the life time of Mrs. Barnum, has just been made. C. Barnum Seelye, Josie B. Seelye, Marshall and Herbert B. Seelye, all of New York, receive \$25,000. The estate of the late Julia A. Clark receives \$1,109,385; Mrs. Helen B. Rennell, of New York, receives \$101,350, and Mrs. Caroline C. Thompson, of New York, \$312,069. As Mr. Barnum some time before his death gave to Mrs. Buchter the so-called Barnum addition to Denver, now worth more than \$1,000,000, the share of her father's property received by that daughter and her children is more than three times that of any other heir. The remainder of the estate in Bridgeport, Conn., and in New York will be kept intact until the death of Mrs. P. T. Barnum to pay the annuity of \$40,000.

## Riding a Bicycle.

A person who is really anxious to learn to ride a bicycle can do so in a few half hour lessons, difficult as it may seem to some, says the *Sporting Life*. There are but one or two rules to be followed, and once they are mastered it requires only practice to become proficient enough for all practical purposes. Learning to ride can be summed up in a few words. You look at a bicycle and don't think you could ride it until you see how easily some other fellow bowls along. Then you think you'll try it. You get on and fall off several times while learning to balance, but don't get hurt because your instructor catches you. When you can sit straight and keep the wheel in that position the instructor lets you go it alone a short distance. You fall, you scrape the skin off a knee, an elbow or a knuckle, and then you're angry clean through and you're going to ride that wheel or die in the attempt, and ride it you do. After it's all over and you know how easy it is, you wonder why you were so foolish as to think it was hard.

## A Pleasant Picnic.

The picnic given at Paradise farm near Moweaqua Wednesday in honor of Ben Freeman and a party of his young friends of this city was one of the most thoroughly enjoyable social events of the day. The party went down on the morning train and returned at 9 p. m. There were about thirty persons in attendance. The day was spent pitching horse shoes, rifle practice, tennis, riding horseback, playing base ball etc. It was a rollicking day of fun for the young city people.

## Shot the Pond.

Last week some viciously inclined person, or some one with an uncontrollable appetite for fish, shot the pond of Y. B. Clark, near Clarkdale, with dynamite or some other powerful explosive that killed all the fish in it. Mr. Clark had the pond stocked with excellent game fish, and if the rogue is apprehended he will be prosecuted to the full extent of the law.—Taylorville Courier.

## MURDER CASE EVIDENCE.

Further Testimony Offered by the People Against Creekmur.

In the trial of John B. Creekmur for the murder of Rolla Boyd, considerable progress was made Thursday afternoon and to-day. The evidence presented during Thursday afternoon was as follows:

Dr. Weyl, of Maroa, testified: Held a post mortem examination on Boyd's body, once with Dr. Wilcox and again with Dr. Barnes; Boyd had a thick, heavy neck; judging from the condition of the skull, I should think the fracture was caused by more than one blow; I don't think it would be possible to break the skull with one blow; to produce the fracture by the hoof of a horse it would be necessary for the flat of the hoof to hit the head.

Cross-examined by Mr. Crea, witness testified: It would not be impossible for a horse weighing 1800 pounds to cause the fracture with one blow of his hoof; as an unshed hoof is slightly concave, the fracture might have been produced by one blow, and a fracture at the base of the skull might more probably be produced by force applied at some other part than immediately over the base; have never before held a post mortem examination on a fractured skull, and my opinions about the fracture are entirely from theory. In my opinion the fracture was not caused by one blow.

Chris Minick testified as follows: Knew of the black stallion that was kept at Boyd's barn; he was owned by my son. I tended to the horse more than my son did, and during all the time I was around him I never saw him kick or strike at anyone; nor saw him behave bad at all. He was sold to Morris Augustus.

In the cross-examination the witness testified that the horse had been at Cerro Gordo several times. He weighed not over 1,300 pounds, but he was not very fleshy when we had him. Witness had not seen him since Augustus had sold him. Horse was in the habit of standing on his hind feet and jumping around a good deal and, sometimes, was more excitable than is common with stallions.

Morris Augustus testified as follows: I owned the black stallion for at least years and sold it last March to Patterson. He was as kind a fellow as any of them. He never kicked or at any one that I know of.

Cross examined by Mr. Johns, witness said: I kept the horse at my home in Argenta. Horse got away from me; I don't know where he is now. I never saw him since.

Attorney Leforge examined Pratt Nelson, who testified as follows: I met Boyd and Creekmur in Frank's saloon at Maroa one evening. I had a conversation with them. Mr. Mills asked the witness to repeat the conversation and Mr. Johns objected. The jury was taken out of the courtroom and the judge investigated the question. The witness repeated the conversation and the judge decided that the part of the conversation in which Creekmur took part was competent evidence and could be given. Continuing with his testimony the witness said: Remember the day Boyd was killed; I went to the house about 10 a. m. and met and talked with John Creekmur; John took me into the house and showed me Rolla's body; we then went to the barn and talked about the horse; saw young Birchfield and then went back to the house; we talked during the same day near the kitchen on the outside of the house. There were some other persons out there also; first thing I remember of saying was that I told him that he was accused of killing Boyd and he replied that he was perfectly innocent and that the horse killed Boyd; I told John that Boyd had been to see me to get me to go to Maroa and to talk to him about how dangerous a rape case was; that he (Boyd) and Clifton were going to pull John's leg for money; I also told John that Boyd said that he was going to have John and Sam Kore arrested for a bluff to get money, but if he couldn't work John he would let the matter drop as he would not go to court with it; I also told him that Boyd said John and Kore had raped May Hart. Creekmur replied that the affair about the girl was a lie. I talked with him for probably two or three minutes; saw Creekmur a few days after that in Maroa; they were going to have him arrested and employ Buckingham to assist the state's attorney. John said that he thought if he was going to be arrested it would have been done before this; I didn't notice any peculiar action by John when I told him he was going to be arrested.

Cross-examined by Mr. Crea the witness said: I did not notice that John was at all frightened when I told him that he was to be arrested. He got a little mad when I told him that Boyd was going to try to pull his leg, but he didn't seem to show any fear. He said that Boyd was the kind of a fellow who would do a thing like that. I told Creekmur that Boyd said that if the

## UNDER DIFFICULTIES

Railroad in the Face of an Army Mob.

### WHO HAS POSSESSION OF THE TRACKS

And Overtaken Them at Short Intervals by Overturned Cars—Fifteen Hours Occupied in an Ordinary One Hour's Trip.

CHICAGO, July 5.—Wild scenes were enacted today on a stretch of railroad territory occupied by the tracks of the Lake Shore and Rock Island, and running south for some three miles from the heart of the business district. Within this strip, hardly more than a block in width and fringed on either side with warehouses, regular troops were scattered and police hooted at and dared to do their best or worst.

The riotous demonstrations began shortly before noon at Thirty-ninth street and the Lake Shore tracks, at the crossing of the Union transit lines over which trains from the stock yards are connected with the Michigan Central on the lake front for the east.

Word came to a mob that had gathered that with the aid of the cavalry and deputy marshals, a heavily loaded train for the New York Central & Hudson River road had been moved out of the yards and was on its way over the transit road. With a yell that was heard blocks away, the mob at this time moved west two blocks on Thirty-ninth street to Stewart avenue, where several empty freight cars stood on the main track. The mob needed neither machinery, tools nor battering rams for its purpose. Its leaders bore the energy born of frenzy. There was a rush for the freight cars, and the twinkling of an eye two of them had been turned completely over, tracks upward, effectually blocking the track before the approaching train.

The train was not in sight and so the mob retraced its steps eastward to the tracks of the Rock Island and Lake Shore railroads. Here it proceeded to overturn cars by the wholesale. Two were piled upon the crossing of the Belt line in order to rivet the obstruction to the cattle train in the event of the blockade further west being raised. The other cars were turned over on the Lake Shore and Rock Island tracks at the rate of two to a block for nearly a mile southward, while the mob hooted and yelled and cheered the crash made by each car as it turned a somersault.

At Fortieth street, shortly afterwards, one of the string of freight cars was fired. A call was turned in, however, by a tradesman on the corner and the flames were soon extinguished.

Next was added to the strikers' fury about 2 o'clock, when a Rock Island train, bringing troops and deputy marshals, was seen in the distance. The mob, which by this time had gotten itself outside the fences, greeted the troops with a stolid silence.

Telegrams were sent to the yards for a wrecking crew, but the reply came quickly back that not a man could be had for love or money, and so the work of removing obstructions was abandoned. After a parley, however, the officials of the road, who occupied a special car which was attached to the train set to work to try to clear the track. At the request of Marshal Donnelly, troops were called for and cleared the mob. Capt. Conrad kept his men around for a few minutes, and then, with the remark that it was like climbing up a tree and coming down again, ordered a march back to the train.

It was nearly an hour before the main track had been cleared of the two overturned cars, and then the three trains proceeded until Thirty-fifth street was reached. Here it was the same story over again. The cars were across the track. The officials took off their coats and went to work with a will. Mayor Hopkins, with Chief Superintendent of Police Brennan, Lieut. Kipley and a handful of officers put in an appearance at this juncture, and the officers did good work in guarding the crossing and keeping the tracks clear of the mob. Most of the latter had been moving northward a few blocks in advance of the trains and derailing the cars where an opportunity offered.

When the obstruction at Thirty-fifth street had been removed the trains went on to Twenty-ninth, where the mob had succeeded in throwing two cars of extra heavy build. The volunteers again went to work with a will, but it was slow and difficult work and over an hour elapsed before the signal could again be given for the engineer of the forward train to steam ahead. Between here and Twelfth street these experiences were repeated in every block. The trains finally reached the Van Buren street depot at 2 o'clock. It had taken fifteen hours for a trip usually made in one.

### IT PROVED THE FACT

That the Railway Managers Do Not Want to Meet the Striking Employees.

CHICAGO, July 5.—The only result of the conference between the mayor and council committee and the union officials yesterday was the establishing of the fact that the managers do not want to meet the strikers, which is considered by President Debs as an endorsement of the position taken by him, and the further decision that the mayor and committee send a representative of the city of Chicago to George M. Pullman requesting that he return to Chicago and meet his men for the purpose of arbitrating and settling the strike in the Pullman shops. In this meeting the American Railway union, it is agreed, will not be represented officially. If a consent is gained the strike will be speedily settled, otherwise the trouble can only increase.

President Debs and the directors met representatives of the Chicago Typographical union yesterday afternoon and were informed that if it could be shown that any good could be done by such a move every union printer in the city would strike in sympathy with the American Railway union. They now only await the proper showing and a request from the union officers to strike.

At the afternoon conference it was arranged that a meeting of the leaders of all the national organizations of the country including the typographical union should be called. The chiefs of a number of national organizations will be here to-day and it has been arranged that a meeting of representatives be held at 10 o'clock this morning for the purpose of discussing the situation and ascertaining whether the members are desirous of being called out before a conference to settle the trouble is held.

It has been given out by the directors that unless a change occurred this morning a general strike of all the labor organizations in sympathy with the American Railway union and its friends will be ordered by this evening. At the meeting of the labor chiefs it is likely that a monster mass meeting will be called, the time and place to be agreed upon at the morning meeting.

The Panhandle engineers disobeyed orders yesterday morning in not reporting for work, and were discharged in a body. The Wabash engineers agreed to go out in a body, and the 250 firemen on the Northwestern met to denounce the action of the engineers who went back to work on the road and to reiterate their pledges of unanimous support.

Attorney Harper, representing the union men, reported yesterday afternoon that he had been unable to accomplish anything in a conference held with the officials of the First national bank which institution holds large blocks of railroad stock. The conference was called for the purpose of securing a settlement, but owing to the failure of both sides to have proper representatives nothing was accomplished. The bank officials claim the matter has gotten beyond their control.

President Debs announces that Gov. Altgeld has been prevailed upon to investigate the ordering of armed federal troops into the state without the consent or sanction of the state authorities.

### BETTERED BY BAYONETS.

The Strike Situation at Sioux City Improved by the Presence of Troops.

SIoux CITY, Ia., July 5.—The strike situation here has been materially improved by the presence of the militia. During the forenoon passenger trains left on regular time except on the Chicago, St. Paul, Minneapolis & Omaha, which was delayed by difficulty in getting men to man its trains. Morning trains for Nebraska and St. Paul stood at the station during the whole forenoon waiting the completion of a meeting of firemen and engineers. In the yards a Sabbath-like quiet reigned.

No systematic attempt has been made to patrol the tracks, but a number of suspicious characters have been arrested and taken to the police station. A number of switches were found to be spiked, and several cars which were derailed across the tracks had to be moved. No interference was experienced, however, from strikers. Arrangements were made by Col. Foster, commanding the militia, to send out a battalion of men to protect the workmen in clearing the track. Before work was commenced, however, the sheriff notified the officers that the effect of their bayonets last night was so salutary that the yards were practically deserted, and that the deputies alone would be sufficient. So far no attempt has been made to send out freight trains.

### Working Their Destructive Way Northward.

CHICAGO, July 5.—The mob that started in at Fortieth street to overturn cars are still moving northward with their work of destruction. At Thirty-first, Twenty-ninth and Twenty-seventh streets they have overturned cars, and have just arrived at Twenty-sixth street, and three cars have gone over before them. The crowd is growing in numbers, and there is not a policeman in sight. The crowd is composed of boys, women and negroes by the hundreds. Very few strikers are among them.

### Dispersed by the Police.

CHICAGO, July 5.—Capt. Jack Hartnett, of the Harrison-street station, with a squad of 150 men, met the strikers at Twenty-eighth place, where they were attempting to overturn the cars. The police dispersed the mob, and that ended their northward march to the Polk-street depot. As far as can be learned here everything is quiet between Thirty-first and Thirtieth streets. There is a big crowd at Thirty-first street, but they are quiet at this time.

### The Sheriff Withdraws.

SACRAMENTO, Cal., July 5.—The United States marshal has withdrawn all his deputies from the depot and the first and third regiments are now encamped in the capital grounds. It is expected they will be sent home this afternoon and federal troops will be ordered here. Truckers and Dunsuir strikers have scattered through the crowds. They are a determined lot and strike leaders have cautioned them against violence.

### Trains Moving on the Santa Fe.

TRINIDAD, Col., July 5.—The Santa Fe passenger of Tuesday started south from here at 6 o'clock yesterday morning, the first for a week to go. The Gulf from the south arrived at 10:40 and went north. United States Marshal Poe left on that train with T. J. Murphy and L. McDonald, arrested late Wednesday night for facilitating trouble. Quiet reigns and no more trouble is feared. Other trains will occur as fast as men wanted can be found.

## DEBS' STATEMENT

In Justification of the Great Railroad Strike.

### A MODERATE APPEAL TO THE PUBLIC.

The Claims of the Strikers Put Forth in a Forceful Yet Very Conservative Manner—A Revolt Against Practical Slavery.

CHICAGO, July 5.—Eugene V. Debs, president of the American Railway union, yesterday issued a long statement in justification of the great strike of which he is the central figure. The article is addressed "To the public" and reads as follows:

The Pullman employees who struck on May 6 last did so entirely of their own accord. The officers of the American Railway union used all their influence to pacify the employees and to have them re-employ not to strike, but to bear patiently their grievances until a peaceful settlement could be effected. To the truth of this statement the employees themselves will bear witness. They are men and women, had become so aggravated, so galled, so persecuted, so despised, that they abandoned their employment rather than submit to conditions which they considered to be a practical slavery. The Pullman company, be it understood, owns the town of Pullman, owns the houses, the homes of the employees, controls the light and water and other necessities of life, and wages are so adjusted to living expenses that in a large majority of cases the employees are barely able to support their families. At the time they struck the employees were in arrears to the Pullman company \$20,000 for rent alone. Wages had been repeatedly reduced, but rent and other expenses remained the same.

The employees from the beginning have been willing to arbitrate their differences with the company, but the company arrogantly declares that there is nothing to arbitrate. If this is true, why not allow the Pullman company to arbitrate its own case? Committee after committee waited upon the officers of the Pullman company, but all their advances were rejected. Finally on June 12, the strikers to the American Railway union, representing 425 local unions of railway employees, located on the principal lines of American railway, discussed the Pullman trouble at a large meeting in the city of Chicago. The delegates determined that unless the Pullman company could agree to do justice to their employees within five days the members of the order would decline to haul Pullman cars. This action, be it remembered, was not taken until the strike had been on six weeks.

Up to this point the trouble was confined to the Pullman company and its employees. How did the strike extend to the railways? Let the answer be given in accordance with the facts. The day before the order of the delegates declining to haul Pullman cars went into effect the General Managers' association, representing the principal western railways, met and passed a series of resolutions declaring in substance that they would uphold the Pullman company in its fight upon the employees, and that they would stand together in crushing out the American Railway union.

It will thus be seen that the railroad companies joined forces with the Pullman company, went into partnership with them to defeat their half-starved employees. In this way the trouble was extended from railway system to railway system. The business of the country is thereby in an extent that defies description. To say that the situation is alarming is entirely within the bounds of prudent statement. Every good citizen who views the outlook with grave concern something should be done to remedy the situation. The American people are peace-loving people—they want neither anarchy nor revolution. They have faith in their institutions and believe in law and order—they believe in good government, but they also believe in fair play. Once aroused they will not tolerate arbitrary and dictatorial defiance, even on the part of an alliance of rich and powerful corporations.

What can be done to dispel the apprehension that now prevails and restore peace and confidence to the American Railway union, by whose authority and in whose behalf this statement is made, stands ready to do anything in its power provided it is honorable, to end this strike.

This briefly stated is the position the organization occupies. It simply insists that the Pullman company shall meet its employees and do justice to them. We guarantee that the letter will be as reasonable as the proposition. Let them agree to the points in dispute be submitted to arbitration. The question of the recognition of the American Railway union or any other organization is waived. We do not ask nor have we ever asked, for recognition as an organization. We care nothing about that and so far as we are concerned it has no part in the controversy. Let the officers deal with the employees without reference to organization. Let the spirit of conciliation mutual concession and cooperation animate and govern both sides and there will be no trouble in reaching a settlement that will be satisfactory to all concerned. This done let the railway companies agree to re-employ all their employees in their situation without prejudice, and the trouble will be ended.

I have now clearly and briefly as possible stated the position of the American Railway union as it was at the beginning of the trouble, as it is now. We have been deliberately and maliciously misrepresented, but we have borne it all with unwavering faith that the truth will finally and powerfully prevail. We firmly believe our cause is just and while we hold that belief we will not recede. Were we to surrender the multiplied thousands of wage-workers who have committed their interests to our hands, and yield to the pressure of corporate power, we would be totally unworthy of American citizenship.

It has been asked, what sense is there in sympathetic strikes? Let the corporations answer. When one is assailed all go to the rescue, they stand the ground they supply each other with men, money and equipment. Labor is uniting its forces, simply follows their example. If the proceeding is vicious and indefensible let them first abolish it. In this contest labor will stand by labor. Other organizations will not be called out, but they will go out, and the spectacle of Mr. Pullman, fanned by the breezes of the Atlantic, while his employees are starving, is not calculated to prevent their fellow wage-workers from going to their rescue by the only means at their command.

Let me repeat that we stand ready to do our part toward averting the impending crisis. Labor is uniting its forces, simply follows their example. If the proceeding is vicious and indefensible let them first abolish it. In this contest labor will stand by labor. Other organizations will not be called out, but they will go out, and the spectacle of Mr. Pullman, fanned by the breezes of the Atlantic, while his employees are starving, is not calculated to prevent their fellow wage-workers from going to their rescue by the only means at their command.

### ON THE WESTERN COAST.

Arming Their Employees for the Protection of Their Property—Coast Mails.

SAN FRANCISCO, July 5.—The Southern Pacific Railroad Co. has shipped a large number of Winchester to Oakland, the object being, it is said, to arm its employees for the protection of its property. The members of the second regiment N. G. C. are assembled at their armory by order of Gen. Dimond.

They will be kept there armed and equipped for any emergency. The company was moved to this action by the partial success of striking railroads.

The stevedores of Port Costa, 150 in number, have struck because of a cut in their wages. The superintendent of railway mail service having given instructions to use coast steamers for the transportation of mails which have been accumulating since the strike took effect last Wednesday, started them north and south this morning. The steamer Santa Rosa carries mails to San Diego, and will touch at all the principal places en route. The mails for northern points, including eastern and foreign—which will be sent from Seattle over the Great Northern railroad, were forwarded by the steamer Walla Walla.

### A CONTEMPT CASE ON TRIAL.

Commercial Travelers Take a Hand—Troops on the Scene.

LOS ANGELES, Cal., July 5.—Conductor Heart's contempt case was before Judge Ross to-day. The telegraph companies are fighting against producing telegrams referring to the strike. An immense crowd is in attendance, and the hallways are filled with United States deputy marshals.

The federal grand jury met this morning and took up consideration of the meeting Friday night at Hazard's pavilion, led by Rev. Rawlins, spiritualist, advising the use of force against railroads. All reporters were summoned who reported the meeting, and it is believed he will be indicted.

Commercial travelers have testified before the federal grand jury that K. H. Wade, general manager of the Southern California railroad sold them tickets after he knew he could not carry them, and asked for his indictment.

The situation at the Southern California yards is the same as since the strike began. United States troops quietly camped at the south end. A strong detail has gone to the Santa Fe yards and it is stated an effort will be made to take out a train some time during the day.

### SHOPMEN RETURN

To Their Work Despite the Efforts of American Railway Union Men to Persuade Them to Stay Out.

EVANSVILLE, Ind., July 5.—The 300 shopmen at Howell, who struck Tuesday afternoon, went back to work this morning without an exception. Members of the American Railway union made speeches to the men in order to get them to remain out, but they refused. Passenger trains with Pullman cars are running as usual on this road, but the freight blockade is still on. No freight movement was attempted to-day. All trains on the Evansville & Terre Haute road are moving on time at this end. Nearly all freight crews have returned to work.

Pullman cars went out last night and it is believed they will not again be interfered with on this line.

The Evansville & Terre Haute is making eastern connections at Terre Haute with the Vanlia and Big Four. The strike on the Louisville, Evansville & St. Louis, road will probably not reach Evansville, as Pullmans are not used on this end.

It was rumored to-day that the Peoria, Decatur and Evansville men were out at Mattoon, Ill., but Agent Palmer states that he has a telegram from that point stating that the employees refused to strike.

### Lacks Confirmation.

WASHINGTON, July 5.—At the war department Gen. Schofield's adjutant general stated that no telegrams had been received from Gen. Miles confirmatory of the Chicago dispatches as to the serious nature of the situation there. Especial doubt was thrown on the statement that Gen. Miles had said he was without authority to fire unless instructed from Washington. Gen. Miles is clothed with full powers to act as his discretion dictates and both the president and the general of the army have full confidence in his judgment.

### Only a Starter.

DULUTH, Minn., July 5.—Seventy-five coal handlers in the employ of the Pioneer and Ohio Coal Co., struck this afternoon without giving the least intimation as to why they did it. It is supposed the strike is in anticipation of a big rush of coal to the head of the lake which is about to begin. Within the past few months the handlers have formed a union of a couple of thousand men. Men on the dock are paid at the rate of \$1.75 and those in the vessel hold at four dollars per day. To-day's strike is looked upon only as a starter.

### Settled With the Strikers.

IRONWOOD, Mich., July 5.—The Colby mine has settled with the strikers. The union is recognized and it has been agreed that no men working at the mine shall receive less than \$1.25 per day. All citizens object to the militia being here.

### Raceful.

The following games were played yesterday: At St. Louis—St. Louis, 19; Brooklyn, 12. At Chicago—Chicago, 19; Washington, 10. At Cincinnati—Cincinnati, 30; Baltimore, 6. At Louisville—New York, 10; Louisville, 6. At Cleveland—Boston, 22; Cleveland, 7. At Pittsburgh—Philadelphia, 6; Pittsburgh, 3.

### Granted a New Trial.

FRANKFORT, Ind., July 5.—John W. Paris, ex-president of the Greentown bank, who was convicted last week of false pretenses in the conduct of his business and sentenced to six years in prison and fined \$1,000, was yesterday granted a new trial, the court holding that the verdict was not sustained by the evidence.

### An Incredible Claim.

BUDA-PEST, July 5.—It is officially declared that the reported ferry disaster on the River Theiss, near Mad, in which 200 persons were said to have been drowned, is entirely unfounded. The story emanated from a local newspaper.

# BIG SATURDAY SALE.

As to-morrow is Saturday we will offer Bargains from every dept. of our store.

Special low prices on all Carpets, Matting, &c., to reduce stock.

**SENATORIAL CONVENTION.**  
The Republican of the various counties comprising the First Senatorial District of Illinois, are hereby invited to send delegates to a convention to be held at the court house in the city of Decatur, Illinois, at one o'clock p. m. on FRIDAY, AUGUST 2, 1894, for the purpose of nominating a candidate for State Senator and two candidates for the House of Representatives, and of transacting such other business as may legitimately come before said convention.  
The basis of representation and the number of delegates to which each county in the district is entitled will be the same as that fixed for the State Convention to be held at Springfield July 24th, as follows:  
Christian County 10 Delegates  
Macou 15  
Monticello 15  
Total 40  
(A. PARISH, CHAS. T. JOHNSTON, SECRETARIES.)  
Dated June 9, 1894. Senatorial Committee.

ANNE KAPCROW, who started from the Boston State House on Monday for a trip around the world in 80 days, was not taking money with her. She had better keep close by the dime museum circuit.

**Two Lives Saved.**  
Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors that she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, and proaching Consumption, tried everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at King & Hubbard's Drug Store. Regular size 50c and \$1.00.

FRANCIS LOUIE has given up the idea of visiting Russia this year. He will soon return to France, become Lieutenant Vladou once more and resume his naval duties at Rochefort.

**Clinton, Missouri.**  
Mr. A. L. Armstrong, an old druggist, and a prominent citizen of this enterprising town, says "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as I have of Ballard's Horehound Syrup. All who use it say it is the most perfect remedy for Cough, Cold, Consumption, and all diseases of the Throat and Lungs, they have ever tried." It is a specific for Croup and Whooping Cough. It will relieve a Cough in one minute. Contains no opiates. Sold by C. H. Dawson Drug Store.

TWO ADDITIONAL CENSUS have been observed on Mars at the Flagstaff (Arizona) Observatory, making seven or eight in all, but the sign of a male driver has been discovered.

**Ballard's Snow Liniment.**  
This wonderful Liniment is known from the Atlantic to the Pacific, and from the Lakes to the Gulf. It is the most penetrating Liniment in the world. It will cure Rheumatism, Neuralgia, Cuts, Sprains, Bruises, Wounds, Old Sores, Burns, Scalds, Sore Throat, Sore Chest and all Inflammations, after all others have failed. It will cure Hark Wire Cuts, and heal all wounds where proud flesh has set in. It is equally efficient for animals. Try it, and you will not be without it. Price 50 cents. Sold by C. H. Dawson Drug Store.

TWENTY SEVEN States elect Governors in the coming fall, and the legislature then chosen will take part in the election of thirty-five United States senators.

**A Sound Liver Makes a Well Man.**  
Are you Bilious, Constipated or troubled with Headaches, Sick Headaches, Bad Taste in Mouth, Bloating, Costed Tongues, Jaundice, Indigestion, Hot, Dry Skin, Pain in Back and between the Shoulders, Chills and Fever, &c.? If you have any of these symptoms, your Liver is out of order, and your blood is slowly being poisoned, because your Liver does not act properly. Medicine will cure any disorder of the Liver, Bile, or Bowels. It has no equal as a Liver Medicine. Price, 75 cents. Free trial bottles at Dawson's drug store.

The oldest members of the French Cabinet are M. Deury and M. Delcasse, and they are only 62. The minister of public works is the youngest being 31.

**Railroad Notes.**  
J. W. Halley, of Decatur, N. Y., conductor on N. Y. C. Railway, and one of the best known men on the road, says of Parke's Tea: "For ten years I have suffered from constipation. Tried everything and found nothing of lasting virtue. Hearing so many talking of Parke's Tea, I tried it, without much hope. The first dose moved my bowels easily and now I am cured. It works like magic. Sold by W. F. Neider."

An Indian girl, daughter of a Winnebago, of Nebraska, is one of the brightest students in the graduating class at Smith College this term.

**Is Your Tongue**  
coated, your throat dry, your eyes dull and inflamed, and do you feel mean generally when you get up in the morning? Your liver and kidneys are not doing their work. Why don't you take Parke's Sure Cure? If it does not make you feel better it costs you nothing. It cures Bright's Disease, Diabetes and all Kidney complaints. Only guaranteed cure. Sold by W. F. Neider.

"Man wants but little here below," but there should never be any doubt as to where he gets it.

**Buckley's Arnica Salve.**  
The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chelmsina, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For Sale by Kins & Hubbard.

BECKH McBRZ said to be the Pool Dumuke of South Carolina politics.

For instance, Mrs. Chas. Rogers, of Hely City, Mich., accidentally spilled boiling water over her little boy. She promptly applied Dr. Witt's Witch Hazel Salve, giving instant relief. It is a wonderfully good salve for burns, bruises, cuts, and a sure cure for Piles. C. H. Dawson.

# See Our Turquoise Initial RINGS

At 35 Cents Each.

It is one of the late Fads.

OTTO E. CURTIS & BRO.

Jewelers and Dealers in Fine China.

# Did Youseeum?

Did you see those wonderful Ladies' Vici and Dongola Kid Oxfords that have been on sale for the past week by the Frank H. Cole Shoe Co. at \$1.69?

Did you see 'em in the window? Did you see 'em in the store? Did you see 'em on the street, in the cars, at the park, at the theater, or at church? Did you realize that they were just exactly as good Oxfords in every particular as our neighbors are selling at \$2.25 to \$2.50 per pair.

Do you begin to catch on to the fact that we are **price makers** if not **peace makers**? Do you begin to grasp the idea that we're going to have more just such special bargains right along?

However, we expected to say when we started out, that if you were wise you would fail not to visit us at once and take advantage of this great offer.

At Macon the city council has passed a resolution prohibiting dogs from running at large during the months of July and August without wearing muzzles. You can go to Macon without fear of getting a dog bite. Canines are given more freedom in Decatur.

THE State Board of Health has declared the Baltimore & Ohio and Illinois Central depot in Springfield "a menace to the health of the citizens, the traveling public and the employees of said roads," and requests the city of Springfield to abate the nuisance.

On all the people in the world the farmers alone are independent of trade and commerce. If every railway were destroyed; if every ship were sunk to-morrow; if commerce were brought to a sudden end, the farmers would still be able to earn their own living and make themselves fairly comfortable. They were at the birth of trade and commerce and they would survive their obliteration.

GLENN HUFF, the four-year-old son of J. M. Huff, was presented with a tricycle yesterday which cost nearly \$2.00. He tried in vain to master it or bring himself to the point where he could propel it without fear of falling off. It was a dismal failure for him; every time the thing would move he would yell for somebody to take him off, though at no time was there any danger of falling off. The morning when he concluded that he would get rid of the machine, and he sold it gladly to Joe Murphy for 10 cents, and Joe carried it off; but Glenn took it back again.

Mill Feed and Grain, Strictly Cash. On and after July 2 our retail grain and feed business will be on a cash basis. Positively no accounts booked. All orders will be sent C. O. D. Cash up over the phone and secure our prices on the above plan and see if we cannot save you money.

## MILITIA HERE

Continued from First Page.

crowd that had assembled there to-day was present to see the train go through. It was a mistake as the Decatur boys are still doing service at Danville.

No. 44 arrived from Springfield about 12:30 o'clock, and while passing through Starnes, two miles this side of Springfield, the engineer and fireman were stoned by the miners, who were gathered about the track.

A special from Springfield of nine cars arrived here at 2:30 o'clock. It was simply a movement on the part of the company to get the cars to this city.

### AFTER THE SHERIFF.

Railway Men Figuring on Effecting His Arrest To-Day.

This afternoon there is to be a meeting of the strikers' committee at Engineers' hall, at which Sheriff Perl and his bondsmen are to be present. Mr. Perl's official bond is \$10,000, and the bondsmen are H. Mueller, J. R. Gorin and J. A. Dawson. The strikers assert with considerable emphasis that Sheriff Perl has violated the state law by swearing in imported men as deputies. The conference, this afternoon, it is understood, is for the purpose of ascertaining just how far the sheriff has gone in fracturing the law, evidently with the purpose of influencing the sureties to take their names off his bond, or to bring about his arrest.

### U. S. MARSHALS NOW.

This afternoon all of the men who were acting as deputy sheriffs, were sworn in as deputy United States Marshals by an officer who came up from Springfield to commission the appointees. The oath was administered by Circuit Clerk McClellan. All of the deputies wear yellow badges inscribed "Deputy U. S. Marshal."

### THE DEPUTY LAW.

Duties of the Sheriff in the Appointment of Guards.

It has been requested that this law be published for the information of the public.

An act entitled an act to prevent non-residents from severing or acting as deputy sheriffs, special policemen, or special constables.

SECTION 1. Be it enacted by the People of the State of Illinois, represented in the general assembly: That it shall be unlawful for the sheriff of any county or the corporate authorities of any city, town or village to authorize, empower, employ or permit any person to act as deputy sheriff, special constable, or special policeman for the purpose of preserving the peace, who is not a citizen of the United States and has not been an actual resident of the county where such person is authorized to act as deputy sheriff, special constable or special policeman, one whole year before such authorization.

SECTION 11. Any sheriff or public officer violating the provisions of this act shall be deemed guilty of a misdemeanor and shall on conviction be punished by a fine of not less than \$100 and not more than \$500.

Approved June 13, 1893.

Fully thirty men have been sworn in as deputies by Sheriff Perl. Most of the men are not personally known to the sheriff but were vouched for by Detective Ballard. It is held that the sheriff has violated the law, and that an effort will be made to prosecute him.

### POSITION OF THE MINERS.

On the Present Strike of the Wash Employees.

The following resolutions were adopted at a meeting held last night:

DECATUR, ILL., July 6, 1894.

At a meeting of the Miners' L. A. K. of L. the members adopted the following resolutions:

WHEREAS, The present fight of the A. R. U. against the Railroad Managers' Association is a battle for the establishment of living wages, and

WHEREAS, The tendency of corporate wealth is to reduce wages below the standard of living, as demonstrated in the Pullman fight, and

WHEREAS, The A. R. U. demonstrated its solidarity with organized labor in making the Pullman fight its battle, be it

Resolved, That we, the miners and members of L. A. K. of L., tender our hearty support to the A. R. U., and stand ready to assist said organization in any manner within our power; and be it further

Resolved, That we condemn the action of Peter Perl in degrading the official power entrusted to him as sheriff of Macon county in causing troops to be sent here, intimidating law-abiding citizens; and be it further

Resolved, That we condemn the action of Governor Altgeld in responding to the call without a proper investigation; and be it further

Resolved, That copies of these resolutions be furnished the local papers for publication.

### ALTGELD AND GROVER.

The Illinois Governor Springs the Old States Rights Question.

In a long telegram to President Cleve-

land last night, Governor Altgeld protested against the presence of the United States troops at Chicago, and he asked that the soldiers be removed at once; that the Illinois troops are able to quell riots and preserve the peace. Here is President Cleveland's answer which settles the states rights question so far as he is concerned:

EXECUTIVE MANSION, WASHINGTON, D. C., July 5, 1894.—Hon. John P. Altgeld, Governor of Illinois, Springfield, Ill.: Federal troops were sent to Chicago in strict accordance with the constitution and laws of the United States, upon the demand of the Post-office Department that obstruction of the representations of the judicial officers of the United States that process of the Federal Court could not be executed through the ordinary means, and upon abundant proof that conspiracies existed against commerce between the states. To meet these conditions, which are clearly within the province of Federal authority, the presence of troops in the city of Chicago was deemed not only proper but necessary, and there has been no intention of thereby interfering with the plain duty of the local authorities to preserve the peace of the city.

GROVER CLEVELAND.

### WILL STAY AT CHICAGO.

Mayor Hopkins Calls on Gov. Altgeld to Hold the First Regiment.

SPRINGFIELD, Ill., July 5. Gov. Altgeld received the following dispatch from Mayor John P. Hopkins, this evening:

I am informed the First Regiment is going to camp at Springfield. I hope this is not true. They should be retained in Chicago. Advise that they report at their armory in Chicago as they are compelled to call for them within the next twenty-four hours.

In reply the Governor sent the following to Mayor Hopkins:

We will of course hold First Regiment in Chicago if it is needed. But nobody has intimated heretofore that its services might be wanted, consequently the men have all made arrangements to be released from business from July 7 to 14, and if not ordered-out on duty they should be permitted to go into camp. They expect to leave Chicago Saturday morning. Wire me again to-morrow as to the situation.

The governor also wired Gen. Horace A. Wheeler of the First Brigade as follows:

Mayor Hopkins asks that the First Regiment be not permitted to leave Chicago at present. We will wire you again during the day or to-morrow. In the meantime do not allow any of the men to leave the city.

### LIVELY AT THE CAPITAL.

A Decatur Man Taken Into the Brotherhood Union.

SPRINGFIELD, July 5. The Wabash had more trouble here to-day. A passenger train came in from Jacksonville this morning. It was not molested until the engineer attempted to switch to take on two mail cars. Then the strikers surrounded the engine. The engineer declined to move the engine until the track was cleared; the railway officials sent for Mayor Kramer. He appeared on the scene and made a speech to the mob, but did not attempt to disperse it. Sheriff Murray was appealed to and he went to the scene of the trouble with a number of deputies. He commanded the mob to disperse. Instead of scattering the mob surrounded the deputies and that was the last seen of the latter for the rest of the day. The crowd remained solidly packed in front of the engine until 5 o'clock, when the engine was backed into the round-house. The name of the engineer in charge was Carland. The strikers say he is a stationary engineer employed at a mill in Decatur and that the railroad company agreed to pay him \$800 to take the train from Decatur to Jacksonville and return. After he left the train this evening the local engineers initiated him into their lodge.

United States Marshal Brinton, while the mob was assembled, served summons on about fifty of the strikers, commanding them to appear at the August term of the Federal court to answer to a charge of contempt of court. The Wabash will probably be able to move its trains.

This evening Gov. Altgeld ordered the militia company at Taylorville to proceed to this city at once. Quiet will be restored. Engineer Barland was arrested on a charge of running his train through the city at a higher rate of speed than allowed by the city ordinances. The railway officials went on his bond.

### WENT BACK.

The P. and P. U. Go Out at Peoria and by a Vote Went Back to Work.

The Pekin & Peoria Union switchmen at Peoria went out on a strike last evening at six o'clock, and at a meeting held this morning at 8 o'clock by almost an unanimous vote decided to return to work.

### Strike Notes.

Fred Bailey, of Blue Mound township, had to come to Decatur to-day for a

supply of coal. He lives 14 miles in a wagon and took a big load out. Heretofore he has been able to buy his coal at \$1.00. Mr. Bailey is not the only farmer reduced to this extremity. When the freights begin to move the country towns will be supplied with coal and more miners will get work.

The supplies at the wholesale houses are running short, and country merchants come in with wagons to buy away all the supplies they can get. When the wholesale houses close up and the strike continues, Decatur will have to live on corn bread, meats and home grown vegetables, and do without luxuries. We can live in Macon county without imported supplies as long as can the people of any section of the country. We are far better off than the millions of people in Chicago, New York and other large cities.

An old Wabash engineer came down from Chicago yesterday. He has been getting \$150 a month, and says he will stay with the company to make a living for his family. He refuses, however, to run into Chicago, preferring another for the present. He got it.

### Visit to the Home.

A party of lady friends of Mrs. A. Richey made her a surprise visit at the county home of Ottumwa, among them Mrs. Coleman, of Fulton, Ill. Mrs. Moses and daughter, of Boston, Mass. Mrs. Sophie Stare and son, of Meriden, and Mrs. H. M. Kreidler and Miss Nettie Stare of Decatur, Ill. They dined in vehicles, took luncheon, and had an exceedingly enjoyable time. On their return they visited "Starved Rock" and "Lovers' Leap," on the banks of the Illinois river.

### Officers Installed.

At the meeting of Fern Leaf Pythian Sisters, the following elected officers were installed by a deputy, Mrs. Haws:

P. C. of T. Emma King.

M. E. C. Minnie Allen.

E. S. of T. Sarah B. Lee.

E. J. of T. Mary B. Hanks.

M. of T. Annie L. Hutchins.

M. of E. C. Isadore Cope.

M. of F. Clara Dew.

P. of T. Mary Hanks.

G. of T. Elizabeth Rapp.

The Fourth of July was an expensive day to Mrs. M. Becker and her family. They went to Riverside in the afternoon, accompanied by a couple from Hammond, who were here visiting. In the party were four silk parasols, which were placed up against a tree for the time being. Some one threw a firecracker against them, and the result was that all four of the covers were destroyed. They saved the frames.

### Free.

To the ones who wear Tan shoes: There is a prejudice against the high color shoes, for the reason so few know how to take care of them. A shoe which used a month should look better than when new. Anyone purchasing a pair of shoes at Fowler's shoe store, can have a package of our improved Tan Dressing, free. We will also dress your old shoes (bought of us June 25) d&w
